

## Individual Education Goals Work Sheet #4

Help each child in your family fill out this work sheet. Take the time to listen and learn from each other and have fun. Remember, relationships are not just something, they are everything!

Child's Name:

<b>Talents</b> Things I Can Do	<b>Interests</b> Things I'd Like to Learn	<b>Exploring</b> Things I'd Like to Try

Good things my parents and family have noticed about me:

Things I want to learn to help me get ready for school in \_\_\_\_grade (fill in the grade)

TIP: You may want to make a collection of the work done by your child at home or at school such as pictures, tests, and hobbies to keep with each child's Individual Education Goals. This is a great resource to share with your child's teacher at a Parent-Teacher or SEP Conference. Add a picture of your child's teacher and class mates.
