

Family Education Planning Detail Work Sheet #6

Think and Link to Learning

Organizing family activities that encourage learning does not come automatically. It must be learned and practiced. Learning activities send a clear message that learning is valued by parents and families. Regular learning activities easily become family traditions and help to turn on the light of learning in your home.

Purpose

What do we want to accomplish, learn, explore, etc.?

Action Steps

What will our family do?

Who will do it?

How will we do it?

Budget

Amount needed, purchase items, etc.

Family Education Plan in Detail Work Sheet #6

Resources

People, homework, supplies, cookbook, etc.

Timeline

When will we do it? If we want to make it a habit, at least a month of the activity is needed.

- Today
- This Week
- This Month
- This Year
- Make it a tradition
- Never Again
- Other
- Life Long

Family Knowledge

Experiences needed, what do we need to learn or want to learn to complete this activity?

Reflection

What did we learn? How did it go? What did we actually do? Did we have fun?
